business

Available to Business customers, subject to credit check. Taxes, fees and Economic Adjustment Charge apply. Availability varies; not available in all locations. Compatible equipment req'd for set-up. Plans reflect maximum available download speeds; these vary and may be lower in the event of network congestion. Upload speeds also vary and will be lower than download speeds. *5G Business Internet + Mobility \$30 offer: Available to select, eligible new business customers who activate a new, qualifying wireless business internet service line (LTE Business Internet or 5G Business Internet) and have or activate a qualifying Business Unlimited smartphone plan (at least 1 line). For each qualifying internet line, up to 6 lines per account, customer will receive a \$30/mo credit which will be applied to the service price of the internet line and customer maintains both services as qualifying levels. \$39/mo internet price per line calculated by applying \$30/mo credit to \$69/mo service price for 5G Business Internet 100 Mbps plan. \$39/mo price includes a \$10/mo Economic Adjustment Charge; compatible router req'd. Six lines per account limit may include both qualifying LTE and 5G Business Internet lines. Credit is applied once both services are activated and the offer is applied to the internet line. Offer not available to customers with existing account level fixed wireless internet + smartphone plan discount; not available for LTE Backup Internet plans and non-standard plans. May not be available in all areas. ©2024 Verizon.

1. Most reliable 5G network based on more first place rankings in RootMetrics® 5G data reliability assessments of 125 metro markets conducted in 2H 2023. Tested with best commercially available smartphones on three national mobile networks across all available network types. Your experiences may vary. RootMetrics rankings are not an endorsement of Verizon.
